Annex No 1: Declaration about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships of the Government of the Czech Republic

Annex No 2: Declaration about the Acceptance of the Terms and Conditions Governing the Provision of Healthcare

Annex No 3: Affirmation on Return to the Sending Country upon Completion of Studies

Annex No 4: Medical Certificate (Form)

Annex No 5: Final Report of a Government Scholarship Holder (Form)

1 Scholarships of the Government of the Czech Republic – General Information

Granting scholarships to citizens from developing countries for studies at Czech public Higher Education Institutions (“HEIs”) is an important part of the foreign development cooperation of the Czech Republic (“CR”) and has a long tradition. From the late 1950s to the present day over 21,500 foreign nationals have completed their studies at Czech HEIs with a scholarship of the Government of the CR.

Government scholarships for studies at public HEIs in the CR are governed by a Resolution of the Government of the CR as part of a joint project pursued by the Ministry of Education, Youth and Sports (“Ministry of Education, Youth and Sports”) (www.msmt.cz) and the Ministry of Foreign Affairs (“Ministry of Foreign Affairs”) (www.mzv.cz).

The terms and conditions, as well as the procedures for granting scholarships of the Government of the CR, are governed by the Guidelines for Granting Scholarships of the Government of the Czech Republic, and by the pertinent Ministry of Education, Youth and Sports scholarship programme promoting the studies of foreign nationals in the CR that is announced by the Minister of Education.

Specific tasks related to providing for the studies of scholarship holders at public HEIs in accordance with the Guidelines for Granting Scholarships of the Government of the Czech Republic and the Ministry of Education, Youth and Sports scholarship programme are carried out by the Centre for International Cooperation in Education (abbreviated “DZS” in Czech) (www.dzs.cz).

Within the scope of foreign development cooperation the Czech Republic provides scholarships for the following studies

Pursued in the Czech language:

- Bachelor’s study programmes (three- to four-year-long programmes);
- Master’s study programmes (comprehensive four- to six-year-long programmes);
- Doctoral study programmes (three- to four-year-long programmes).

Language and preparatory studies (one-year long; only for those who have applied for a scholarship to study in the Czech language) – provided for by the Institute for Language and Preparatory Studies (“ILPS”) of Charles University;

Pursued in the English language:

- Selected follow-up Master’s study programmes (one- to three-year-long programmes);
- Selected Doctoral study programmes (three- to four-year-long programmes).

Students may be admitted to a Bachelor’s and Master’s study programme in the CR only if they have completed full secondary general education or full secondary vocational education corresponding to secondary education with a school-leaving examination (“maturitní zkouška” in Czech) in the CR.

Students may be admitted to a Master’s study programme that follows up on a Bachelor’s study programme only if they have duly completed a Bachelor’s study programme.

Students may be admitted to a Doctoral study programme only if they have duly completed a Master’s study programme.

A scholarship of the Government of the CR for studies in the English language may only be granted if the applicant has a good command of English.

An applicant for a scholarship of the Government of the CR is obliged to sit an online entrance English language test in the course of his/her application submission.

Scholarships for studies in the Czech language are granted with a view to a list of recommended fields of study, updated according to the needs of specific countries, and also with regard to ongoing development cooperation projects. The list is enclosed with the annual offer of scholarships of the Government of the CR for the individual countries.

Scholarships for follow-up Master’s and Doctoral study programmes in the English language are granted only in the selected study programmes listed below. Scholarships of the Government of the CR are not granted in any other fields of study in the English language.

Overview of public HEIs that offer selected study programmes in the English language:

MSPN .. follow-up master´s study programme

DSP .. doctoral study programme

Upon a Decision of the Ministry of Education, Youth and Sports, scholarships of the Government of the Czech Republic are granted to promote specific Bachelor´s, Master´s, follow-up Master´s and/or Doctoral study programmes in the full-time mode of study of a specific study programme pursued by a public HEI (or its Faculty) for a period that equals the regular duration of studies. Scholarships are not transferable to other persons or other academic years. Once a scholarship is granted, neither the public HEI nor the study programme and/or field of study may be changed.

The scholarships are dedicated solely to promoting the studies of adults who are foreign nationals from developing third countries in need. Neither a citizen of the Czech Republic, nor a citizen of the European Union, nor any other foreign national with a permanent residence permit in the territory of the Czech Republic may therefore apply for a scholarship. Furthermore, the scholarships may not be granted to persons younger than 18. (The applicant has to have reached 18 at the latest as of 1 September of the year when s/he commences studies in the Czech Republic.)

2 Application Form Submission, Deadlines, Forms

Unless stated otherwise, an application for a scholarship of the Government of the CR can only be submitted through a Diplomatic Mission of the Czech Republic in the given country (hereinafter referred to as a "Mission").

Each applicant is obliged to fill in an electronic application form available at <http://registr.dzs.cz/registr.nsf> at the latest by **30 September of the year prior to the given academic year** (i.e., the calendar year that precedes the academic year for which scholarships are offered).

The date from which application forms may be submitted electronically is published on the website of the pertinent Mission or of Ministry of Education, Youth and Sports (www.msmt.cz) approximately in July of the year prior to the given academic year. The applicant shall carefully fill in all the blank boxes of the application form whilst observing the instructions for each box.

The applicant shall send the completed application form to the Mission in electronic form, i.e., by completing online registration. If the application is accepted and may proceed to the next round of the selection procedure, the Mission shall ask the selected applicants to attend an interview. The most successful applicants shall be asked to submit complete documentation by a given deadline that the Mission shall determine so as to ensure that proposals for scholarships to be granted in a new academic year are at the disposal of the Ministry of Foreign Affairs of the Czech Republic (Development Cooperation Department, hereinafter abbreviated as the “DCD”) and the Ministry of Education, Youth and Sports of the Czech Republic (International Relations Department, hereinafter abbreviated as the “IRD”) in Prague by 31 December at the latest of the year prior to the given academic year.

A limited number of scholarships are also offered to applicants from selected developing countries through UNESCO. Each applicant is obliged to fill in an electronic application form available at <http://registr.dzs.cz/registr.nsf/unesco> at the latest by 30 September of the year prior to the given academic year (i.e., the calendar year that precedes the academic year for which scholarships are offered). If the applicant’s application form is accepted to proceed to the next round of the selection procedure, the Mission/Honorary Consulate shall ask the selected applicants to attend an interview. The most successful applicants shall be asked to submit complete documentation by a given deadline that the Mission/Honorary Consulate shall determine so as to ensure that proposals for scholarships to be granted in the upcoming academic year are at the disposal of the Ministry of Foreign Affairs of the Czech Republic and the Ministry of Education, Youth and Sports of the Czech Republic in Prague by 31 December at the latest of the year prior to the given academic year.

Applicants who are regular students at an accredited study programme at a public HEI in the CR at the time designated as the deadline for application form submission shall fill in the electronic application form available on the above website and shall send the required documentation in two counterparts to the following address: ORS MZV, Loretánské náměstí 5, 118 00 Prague 1 – Hradčany, by 20 December at the latest of the year prior to the given academic year. These applicants do not have to sit an interview.

Applicants who have a command of the Czech language and do not wish to undertake the one-year-long language and preparatory studies at ILPS but apply for a scholarship for studies in the Czech language at a public HEI straight away may obtain a scholarship in the academic year for which scholarships are offered only if they fill in the electronic application form on the above website, complete the admission procedure themselves on the dates and under the terms and conditions stipulated by the given public HEI in the CR, and send a certificate of enrolment (or a copy of a certificate proving admission) for a study programme pursued in the Czech language at a public HEI to the following address: Studijní oddělení DZS, Na Poříčí 1035/4, 110 00 Prague 1, immediately after they obtain the above certificate.

3 Submitted Documentation

Applicants for a scholarship of the Government of the CR shall submit the documentation in two counterparts (i.e., two separate identical files).

Only complete documentation that meets the requirements stated in this Chapter shall be considered.

Documentation that does not meet the requirements shall be officially returned without any further reasoning.

In order for an applicant to be admitted to study at a HEI, his/her documents proving foreign educational attainment must be recognised in the CR. It is advisable that when travelling to the CR, students should have at least two extra counterparts of the documents necessary for the admission procedure and for the recognition of foreign educational attainment with them.

It is also recommended that students who shall pursue their studies at a HEI without the one-year-long language and preparatory studies have their education recognised prior to their arrival in the CR. The actual procedure is published on the public HEI website.

If it is not possible to have documents translated into the Czech language pursuant to the requirements specified hereinafter in the country that nominates the applicant for the studies, applicants may enclose legalised translations by a sworn translator/interpreter into the English language.

3.1 Application Form

All applicants shall fill in the electronic application form available on the website stated in Chapter 2 and successfully register (i.e., obtain an application identification number upon sending a completed application form to the pertinent authority electronically).

Nominated applicants shall also submit a printed “Application Form for a Scholarship of the Government of the CR”, which has to meet the requirements stated below:

- It shall be filled in using the Roman alphabet, if possible in English or in Czech;
- The assigned application identification number shall be stated in the upper right corner;
- A photo (45 mm x 35 mm) shall be printed or glued in the designated place;
- All boxes shall be completely and truthfully filled in pursuant to the instructions for each box;
- The applicant shall pay special attention to the content of a box entitled “Motivational Letter” in which s/he shall briefly describe his/her expectations in terms of future studies, the practical application of the learning and the benefit for the country that has nominated him/her;
- A printed copy of the application form shall be **signed** by the applicant **in his/her own hand**.

3.2 Documents Submitted by Applicants for a Bachelor’s and Master’s Study Programme Pursued in the Czech Language

Applicants for a Bachelor’s and Master’s study programme pursued in the Czech language shall submit the following documents in two counterparts through the pertinent Mission (upon request):

1. Application Form for a Scholarship of the Government of the CR (“Application Form”) that meets the requirements stated in Chapter 3.1;
2. CV with a focus on studies and employment;
3. Photocopy of his/her passport, if issued;
4. Declaration about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships of the Government of the Czech Republic (signed in his/her own hand!);
5. Declaration about the Acceptance of the Terms and Conditions Governing the Provision of Healthcare (signed in his/her own hand!);
6. Affirmation on Return to the Sending Country upon Completion of Studies (signed in his/her own hand!);
7. Legalised copy of his/her birth certificate with a legalised translation into the Czech language;
8. Medical confirmation about the applicant’s health no more than two months old, with a legalised translation into English or into Czech;
9. Legalised copy of a foreign certificate (i.e., proof of completed secondary education) with a legalised translation into the Czech language by a sworn translator/interpreter entered in the list of experts and interpreters in the CR;
10. Document proving the content and scope of education completed at a foreign school (i.e., a list of subjects studied in individual years at a secondary school, duration and/or confirmation of the scope of vocational education) with a legalised translation into the Czech language by a sworn translator/interpreter entered in the list of experts and interpreters in the CR;
11. Document proving that the school is recognised by the state pursuant to whose legal order the foreign certificate has been issued and that it belongs to its system of education, if this fact is not clear from the foreign certificate, with a legalised translation into the Czech language by a sworn translator/interpreter entered in the list of experts and interpreters in the CR.

Applicants for a Bachelor’s and a Master’s study programme pursued in the Czech language who have a command of Czech and thus do not wish to undertake the one-year-long language and preparatory studies and who may prove their Czech language knowledge by means of an official document (attestation, certificate or confirmation) shall be registered as substitutes. These applicants shall fill in the electronic application form and shall complete the admission procedure themselves on the dates stipulated by the given public HEI in the CR. If these applicants present a certificate of enrolment for studies in the Czech language at a public HEI in the given academic year before the given academic year commences or at the

latest at its commencement, they may be granted a scholarship from a pool of unused scholarships offered by the Government of the CR for the given academic year.

3.3 Documents Submitted by Applicants for a Master's Study Programme Pursued in the English Language

Applicants for a follow-up Master's study programme pursued in the English language shall submit the following documents in two counterparts through the pertinent Mission (upon request):

1. Application Form for a Scholarship of the Government of the CR ("Application Form") that meets the requirements stated in Chapter 3.1;
2. CV with a focus on studies and employment;
3. Photocopy of his/her passport, if issued;
4. Declaration about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships of the Government of the Czech Republic (signed in his/her own hand!);
5. Declaration about the Acceptance of the Terms and Conditions Governing the Provision of Healthcare (signed in his/her own hand!);
6. Affirmation on Return to the Sending Country upon Completion of Studies (signed in his/her own hand!);
7. Legalised copy of his/her birth certificate with a legalised translation into the Czech language;
8. Medical confirmation about the applicant's health no more than two months old with a legalised translation into English or into Czech;
9. Legalised copy of a foreign diploma, certificate or similar document proving due completion of a Bachelor's study programme with a legalised translation into the Czech language by a sworn translator/interpreter entered in the list of experts and interpreters in the CR;
10. Legalised copy of a Supplement to Diploma or list of completed lectures and examinations including their scope and grades (marks) achieved with a legalised translation into the Czech language;
11. Additional information proving that the study programme was provided by an institution entitled to provide higher education, with a legalised translation into the Czech language by a sworn translator/interpreter entered in the list of experts and interpreters in the CR;
12. Additional information about the content of foreign higher education;

3.4 Documents Submitted by Applicants for a Doctoral Study Programme Pursued in the Czech or English Language:

Applicants for a Doctoral study programme pursued in the Czech or English language shall submit the following documents in two counterparts through the pertinent Mission (upon request):

1. Application Form for a Scholarship of the Government of the CR ("Application Form") that meets the requirements stated in Chapter 3.1;
2. CV with a focus on studies and employment;
3. Photocopy of his/her passport, if issued;
4. Declaration about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships of the Government of the Czech Republic (signed in his/her own hand!);
5. Declaration about the Acceptance of the Terms and Conditions Governing the Provision of Healthcare (signed in his/her own hand!);
6. Affirmation on Return to the Sending Country upon Completion of Studies (signed in his/her own hand!);
7. Legalised copy of his/her birth certificate with a legalised translation into the Czech language;
8. Medical confirmation about the applicant's health no more than two months old with a legalised translation into English or into Czech;
9. Legalised copy of a foreign diploma, certificate or similar document proving due completion of a Master's study programme with a legalised translation into the Czech language;
10. Legalised copy of a Supplement to Diploma or list of completed lectures and examinations including their scope and grades (marks) achieved with a legalised translation into the Czech language;
11. Additional information proving that the study programme was provided by an institution entitled to provide higher education, with a legalised translation into the Czech language;
12. Additional information about the content of foreign higher education;

and furthermore:

13. Overview of publication activity;
14. Overview of expert topics on which the applicant wishes to focus in the Doctoral study programme;
15. Ideas about the focus of the dissertation thesis (3 to 5 pages long);
16. Two letters of recommendation by professors teaching at an academic institution. An applicant for a Doctoral study programme pursued in the Czech language shall also submit a letter of acceptance (i.e., preliminary confirmation of admission) issued by a public HEI in the CR that shall admit the applicant as a holder of a scholarship from the Government of the CR;
17. If applicable, other documents proving the applicant's qualifications advancement and scholarly/scientific activity to date.

3.5 Documents Submitted by Applicants who are Regular Students of an Accredited Study Programme at a Public HEI in the CR at the Time Designated as the Deadline for the Submission of Scholarship Application Forms

Applicants who are regular students at an accredited study programme at a public HEI in the CR at the time designated as the deadline for the submission of application forms shall submit the following documents in two counterparts through the Development Cooperation Department of the Ministry of Foreign Affairs:

1. Application Form for a Scholarship of the Government of the CR ("Application Form") that meets the requirements stated in Chapter 3.1;
2. CV (information about studies, employment);
3. Photocopy of their passport;
4. Declaration about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships of the Government of the Czech Republic (signed in his/her own hand!);
5. Declaration about the Acceptance of the Terms and Conditions Governing the Provision of Healthcare (signed in his/her own hand!);
6. Affirmation on Return to the Sending Country upon Completion of Studies (signed in his/her own hand!);
7. Medical confirmation about the applicant's health no more than two months old with a legalised translation into English or into Czech;

and furthermore:

8. Study confirmation issued by the pertinent HEI where they currently study;
9. Document stating all the results of his/her studies to date;

Applicants for a Doctoral study programme scholarship shall also submit the following:

10. Overview of expert topics on which the applicant wishes to focus in the Doctoral study programme;
11. Letter of recommendation by a thesis supervisor/professor at the public HEI where the Doctoral study programme is/will be taking place or a letter of acceptance (i.e., preliminary confirmation of admission) issued by a public HEI in the CR that shall admit the applicant as a holder of a scholarship from the Government of the CR;
12. If applicable, other documents proving the applicant's qualifications advancement and scholarly/scientific activity to date.

The Development Cooperation Department of the Ministry of Foreign Affairs cannot accept applications from applicants who are in the territory of the CR at the time designated as the deadline for the submission of application forms for a scholarship of the Government of the CR but who are currently only preparing themselves for their studies at a public HEI (i.e., who are not students of a public HEI in the CR as yet).

3.6 Recognition of Foreign Secondary Education and Elements of Submitted Documents

3.6.1 Recognition of Foreign Secondary Education

In order for an applicant to be admitted to study at a HEI, the validity of foreign certificates (i.e., documents proving prior completed studies and attained secondary or higher education) must be recognised in the territory of the Czech Republic.

An application for the recognition of foreign certificates shall be submitted to the pertinent Regional Authority pursuant to the foreign national's place of residence in the CR.

If the Czech Republic is bound by an international treaty to recognise a foreign certificate as equal to a document proving educational attainment issued in the CR, the pertinent Regional Authority shall issue a certificate on the recognition of equality of the foreign certificate in the CR.

If the Czech Republic is not bound by an international treaty to recognise a foreign certificate as equal to a document proving educational attainment issued in the CR, the pertinent Regional Authority shall decide on validation (i.e., recognition in the CR of the validity of a document that proves completed education attained at a foreign school) on the basis of an application that must contain enclosed documents stated in Chapter 3.2, bullet points 9 to 11.

If the Regional Authority establishes through its validation proceedings that the content and scope of education completed at a foreign school differs compared to education pursuant to a similar Framework Educational Programme (FEP) in the CR, it shall reject the application.

Secondary education with a school-leaving examination (“maturitní zkouška”) in the CR is at least a four-year-long period of study pursued upon completion of nine years of compulsory school attendance. If the content and scope of education at a foreign school differs only partially, the Regional Authority shall order a validation examination whereby it shall test whether the applicant's knowledge and skills correspond to the objectives and content of education pursuant to the pertinent Framework Educational Programme (FEP) in the CR. If the applicant fails the above examination, the Regional Authority shall reject the validation application.

The Ministry of Education, Youth and Sports shall issue a certificate on the recognition of equality of foreign certificates in the CR to graduates of a European school.

The Ministry of Education, Youth and Sports shall also decide on the validation of a foreign certificate issued by a foreign school with an educational programme pursued in agreement with the Ministry of Education, Youth and Sports.

The Ministry of the Interior is the body that issues certificates on the recognition of equality and decides on the validation of foreign certificates for police and fire protection officers, whereas the Ministry of Defence pursues the above tasks with respect to military officers.

3.6.2 Elements of Submitted Documents

Unless stipulated otherwise by an international treaty by which the CR is bound, the authenticity of signatures and stamps on the originals of foreign certificates and the fact that a school is recognised by the state pursuant to whose legal order the foreign certificate has been issued shall be verified by the pertinent Mission of the CR and by the Ministry of Foreign Affairs of the state pursuant to whose legal order the foreign certificate has been issued, or by a notary active in the territory of that state (referred to as “super-legalisation”).

As for documents proving educational attainment issued in states with which the CR has concluded a contract on legal assistance in civil matters that contains provisions on mutual recognition of public deeds without the necessity of their further legalisation, the signature and stamp authenticity on the originals of documents proving educational attainment does not have to be verified by the Mission of the CR and the Ministry of Foreign Affairs of the state pursuant to whose legal order the foreign certificate has been issued, or by a notary active in the territory of that state. Documents may therefore be submitted without further legalisation.

As for documents proving educational attainment issued in states that have signed the Convention Abolishing the Requirement of Legalization for Foreign Public Documents adopted in The Hague on 5 October 1961 (“Hague Convention”), final legalisation is done by means of an Apostille by the pertinent national body. Further information about what body has the jurisdiction to issue a clause in the form of an Apostille can be provided by the Mission of the CR or local authorities of the given state.

3.7 Recognition of Foreign Higher Education and Elements of Submitted Documents

3.7.1 Recognition of Foreign Higher Education

In order for an applicant to be admitted to a follow-up Master's or Doctoral study programme, the authenticity of his/her foreign documents proving prior higher education has to be recognised in the CR.

A certificate on the recognition of foreign higher education or its part in the CR shall be issued by a public HEI that pursues a study programme with a similar content (or by the Ministry of Education, Youth and Sports if the CR is bound by an international treaty concluded with the country where the foreign HEI is established and recognised, and if the Ministry of Education, Youth and Sports has been empowered by this treaty to perform the recognition) upon an application submitted by a graduate of a foreign HEI that the applicant may either submit himself/herself or through a representative. Further information on the recognition of foreign higher education can be found on the relevant public HEI website.

3.7.2 Elements of Submitted Documents

Unless stipulated otherwise by an international treaty, the authenticity of signatures and stamps on the originals of diplomas and other documents proving attained education has to be legalised by the Ministry of Foreign Affairs of the state where the HEI that has issued the certificate has its seat, or by a pertinent foreign body and Mission of the CR in/for the country where the HEI that has issued the diploma has its seat (referred to as “super-legalisation”).

As for diplomas and other documents proving educational attainment issued in states with which the CR has concluded a contract on legal assistance in civil matters that contains provisions on the mutual recognition of public deeds without the necessity of their further legalisation, the signature and stamp authenticity on the originals of documents proving educational attainment does not have to be verified by the Mission of the CR and the Ministry of Foreign Affairs of the state pursuant to whose legal order the foreign certificate has been issued, or by a pertinent authority of the state where the HEI has its seat. Documents may therefore be submitted without further legalisation.

As for diplomas and other documents proving educational attainment issued in states that have signed the Convention Abolishing the Requirement of Legalization for Foreign Public Documents adopted in The Hague on 5 October 1961 (“Hague Convention”), final legalisation is done by means of an Apostille by the pertinent body of the state. Further information about what body has the jurisdiction to issue a clause in the form of an Apostille can be provided by the Mission of the CR or local authorities of the given state.

4 Arrival in the Czech Republic

Students must arrange their arrival in the CR in such a way that they can commence their studies on the date laid down in the Decision on Granting a Scholarship. Studies may be commenced later only if there are serious objective obstacles that prevent the nominated student from travelling to the Czech Republic. The nominated student shall provide notification of these circumstances in writing and shall demonstrate them sufficiently in advance, but no later than within 30 days from the date of commencement laid down in the Decision on Granting a Scholarship.

If the date of commencement of the stay is changed after the demonstration of objective obstacles that prevent the nominated student from commencing his/her studies on the due date, the receiving party may book accommodation at a different address than the one stated in the accommodation information.

If a student does not commence studies within 30 days from the date of commencement of the stay laid down in the Decision on Granting a Scholarship without proper justification, both the scholarship and accommodation booking shall be cancelled after the 30-day time limit from the date of commencement laid down in the Decision on Granting a Scholarship has elapsed.

Each student shall e-mail the following information to vladni.stipendia@dzs.cz:

- Scheduled arrival date; or
- That s/he shall not use the scholarship and shall not travel to the CR (as soon as s/he learns of this situation).

Upon arrival in the CR each student shall register (check in) as a government scholarship holder, i.e., s/he shall fill in his/her Personal Information Sheet and shall receive a student number. All government scholarship holders are registered by a pertinent employee of the International Student Office of the Institute for Language and Preparatory Studies of Charles University. If a student has not registered at the International Student Office, the registration shall be done by an employee of the pertinent public HEI who is in charge of enrolment.

Upon arrival in the CR students must be prepared to pay initial expenses of CZK 3,000 to 5,000 for administrative fees related to their studies and/or additional expenses according to their needs (e.g. clothing, translations, document legalisation, etc.).

Before departing for the Czech Republic, students should take into account the Central European climate and bring adequate clothing. Temperatures in winter (December-March) may drop to -20° C (-4° F).

4.1 Arrival of Scholarship Holders Admitted to Studies in the Czech Language

Government scholarship holders admitted to study at the Institute for Language and Preparatory Studies of Charles University (hereinafter referred to as the “ILPS”) shall travel to the International Student Office at their own cost after they arrive in the CR.

The International Student Office is a centre established by the ILPS that is open at the time scheduled for student arrival and that provides assistance to government scholarship holders upon their arrival in the CR. During the scheduled student arrival period the International Student Office is in operation 24 hours a day, 7 days a week. Students are given all the help they need, receive further instructions and information and assistance with arranging transportation to the pertinent Study Centre of the Institute for Language and Preparatory Studies located outside of Prague, with their registration, and/or with their statutory obligation to register in the CR.

Each student shall notify an official of the International Student Office of the date and approximate time of his/her scheduled arrival in the CR by phone: +420 608 437 591 or by e-mail: tranzit@ujop.cuni.cz. The International Student Office has its seat on the 9th floor of the Krystal Hotel, José Martího 2/407, 162 00 Prague 6 – Veleslavín.

GSM: +420 608 437 591, or Krystal Hotel reception desk: +420 220 563 411.

4.2 Arrival of Scholarship Holders Admitted to Studies in the English Language who Immediately Commence Their Studies

Upon arrival in the CR at the International Student Office, government scholarship holders shall, at their own cost, travel to the seat of the HEI where they have been admitted to study, shall accommodate themselves at the address laid down in the Decision on Granting a Scholarship, shall comply with the obligation to register in the CR within 3 days from their arrival in the CR if the accommodation facility does not do it for them, and shall enrol for studies at the pertinent HEI/Faculty where the study programme for which they have been granted the scholarship is provided. The students may also make use of further services provided by the International Student Office (e.g. registration, accommodation upon arrival in the CR before they travel to the seat of the HEI) if they request those services well in advance at the following e-mail addresses: vladni.stipendia@dzs.cz and tranzit@ujop.cuni.cz.

5 Language and Preparatory Studies

Before commencing a specific study programme at a HEI in the Czech language, applicants are granted a scholarship for a one-year-long study in a prep year at the Institute for Language and Preparatory Studies of Charles University (“ILPS”).

In the course of their language and preparatory studies students shall make arrangements to have their foreign secondary education recognised, submit an application to study at a public HEI, and go through the admission procedure for the full-time mode of a Bachelor’s Master’s or Doctoral study programme at a public HEI.

Upon admission to a HEI students are obliged to submit an application without delay through their Institute for Language and Preparatory Studies to the Study Department of the Centre for International Cooperation in Education to issue a Decision on Granting the Scholarship for a regular period of study of the study programme into which they have been admitted. The scholarship holder shall supplement the application form with a certificate proving completion of a one-year language and preparatory studies course for the study at HEIs (if the student does not provide the required certificate, a B2 level Czech Language Certificate Exam (CCE) shall also be accepted; however, an incomplete application form shall be disregarded). On the basis of a complete application form a Decision on Granting the Scholarship shall be

issued to the student to support his/her studies of a specific field of study in a specific study programme for a regular period of study.

6 Material and Financial Provision for Scholarship Holders

Scholarships of the Government of the Czech Republic are granted upon a Decision of the Ministry of Education, Youth and Sports to promote studies in the Czech language, i.e., Bachelor's study programmes (three- to four-year-long programmes), Master's study programmes (four- to six-year-long programmes), Doctoral study programmes (three- to four-year-long programmes); to promote studies in the English language, i.e., selected follow-up Master's study programmes (one- to three-year-long programmes), selected Doctoral study programmes (three- to four-year-long programmes); and to promote one-year-long language and preparatory studies for those scholarship holders who have applied for a scholarship to pursue their studies in the Czech language.

A government scholarship holder who has successfully completed studies of a Bachelor's study programme in the Czech language and has been continuously admitted to study a follow-up Master's study programme in the Czech language may be granted a scholarship also for the follow-up Master's study programme in the Czech language. A government scholarship holder who studies the last grade of a Master's study programme and wishes to continue his/her studies and pursue a Doctoral study programme following successful completion of Master's study shall submit a new application for granting a scholarship for the period of study of the Doctoral study programme, i.e. s/he shall fill in an electronic application form at <http://registr.dzs.cz/registr.nsf> by 30 September of the year prior to the given academic year at the latest (see Chapter 2). Scholarships are granted for the full-time mode of study of a specific study programme/field of study pursued by a given public HEI (or its Faculty) for a period that equals the regular duration of study. Scholarships are not transferable to other persons or other academic years. Once a scholarship is granted, neither the public HEI nor the study programme, field of study and/or language of study may be changed (i.e. if a scholarship has been granted to support the studies of a Bachelor's study programme pursued in the Czech language, a scholarship may not be granted to support the studies of a follow-up study programme pursued in the English language).

If a student fails to accept a Decision on Granting a Scholarship and fails to confirm its acceptance, the scholarship cannot be paid to him/her.

Scholarship is paid to the student for a period laid down in the Decision by the Ministry of Education, Youth and Sports unless the entitlement to the scholarship ceases for any reason (see Chapter 7).

Scholarship granted for a Bachelor's study programme upon a Decision of the Ministry of Education, Youth and Sports can be paid to the student during the whole period laid down in the Decision, i.e., even during the holidays after the completion of the Bachelor's studies if the student proves that s/he has been admitted to a follow-up Master's study programme in the following academic year and if s/he is in the territory of the CR during this period. Government scholarship holders who have completed their Master's studies and have been immediately granted a scholarship for a Doctoral study programme shall follow the same procedure.

The scholarship covers the necessary costs related to staying and studying in the CR. The scholarship amount is regularly amended. Currently the amount paid to students on a Bachelor's, Master's or follow-up Master's study programme stands at CZK 14,000 per month, whereas the amount paid to students of a Doctoral study programme stands at CZK 15,000 per month.

The above scholarship amount includes an amount designated for the payment of accommodation costs.

Costs of accommodation, food and public transport are covered by scholarship holders from the scholarship under the same conditions that apply to students who are citizens of the CR.

Should healthcare exceeding standard care be required by the student, s/he shall cover it at his/her own cost. More information can be found in Chapter 9.

If a foreign scholarship holder exceeds the regular period of study and/or the period for which scholarship has been granted to him/her, s/he shall lose the status of a government scholarship holder. Like a citizen of the Czech Republic, s/he shall thereafter be obliged to pay the fees designated by the school for prolonging his/her studies at his/her own cost. After payment of the government scholarship is terminated, the student may stay in the territory of the CR only at his/her own responsibility if s/he arranges and pays for all the requirements related to obtaining a residence permit to stay in the CR, his/her study, accommodation and food, etc. at his/her own cost. The same applies if a student interrupts his/her studies.

Travel expenses for travelling to the Czech Republic and back to the student's home country are paid by the party that nominated the student to study in the CR or by the foreign national at his/her own cost.

7 Cessation of Entitlement to Scholarship

A foreign national shall not be entitled to a scholarship granted pursuant to the Ministry of Education, Youth and Sports scholarship programme and payment shall not be made:

1. During his/her absence from the territory of the CR if this absence lasts longer than 30 consecutive calendar days and is not part of specific study obligations outside the territory of the CR (starting from the month in which the foreign national has completed the time limit of 30 calendar days of consecutive absence from the territory of the CR).
2. During the interruption of his/her studies (starting from the calendar month that follows the month in which the interruption commenced).

If a foreign national is not present in the territory of the CR in a given month for more than 15 calendar days for other than study reasons and if his/her entitlement to the scholarship does not cease pursuant to paragraph 1 or 2, only a half of the granted monthly scholarship amount shall be paid to him/her in that month.

3. After ending his/her studies. If a foreign national duly completes his/her study programme, scholarship payment shall be terminated from the month following the month when the foreign national completed his/her studies. In other cases scholarship payment shall be terminated from the first month following the month when his/her studies were ended.
4. If a foreign national does not enrol in his/her studies within the given time limit (i.e., within 30 calendar days from the date when s/he is to commence his/her studies as stated in the given Decision on Granting a Scholarship).
5. If a foreign national obtains a permanent residence permit to reside in the CR (starting from the calendar month that follows the month when the above decision was issued).
6. In addition, the entitlement to a scholarship shall cease on the day on which another Decision on Granting a Scholarship to the given foreign national (amending the previous Decision) issued by the Ministry of Education, Youth and Sports comes into force and effect, as well as upon his/her own initiative based on a change to the facts that were decisive for the assessment of the original scholarship application or based on the discovery that data stated in the original application and submitted documentation was false.

Scholarship payment shall also be terminated if a foreign national:

7. Discontinues his/her studies;
8. Is expelled from his/her studies;
9. Obtained the Decision on Granting a Scholarship as a result of fraudulent conduct or as a result of stating incorrect data;
10. Pursues other activities that are contrary to legal regulations valid in the Czech Republic;
11. Is asked to return to the country of origin by the Ministry of Education, Youth and Sports upon a proposal from the Ministry of Health ("MH") on grounds of a severe disease that requires long inpatient care or costly treatment;
12. Is a national of the Czech Republic or of a Member State of the European Union;
13. Scholarship payment may also be terminated upon a written statement from the rector or dean, or other employee of a public HEI authorised by them, stating that the foreign national is not complying with his/her study obligations vis-à-vis the paid scholarship in an adequate or satisfactory manner (e.g., the

number of credits gained in a given period/semester is low compared to the standard, participation in tuition is lower than 80%, etc.)

If scholarship payment has been terminated, the foreign national is obliged to return to his/her home country without delay.

8 Residence of Foreign Nationals in the Czech Republic

A foreign national (government scholarship holder) may travel to the CR only after s/he has applied for the issue of a long-term residence permit for the purposes of study, and his/her application has been approved through a Mission of the CR. It is not possible to apply for a long-term residence permit in the territory of the CR. Specific up-to-date information about the elements that have to be enclosed with the application for the issue of a long-term residence permit shall be provided by the pertinent Mission of the CR upon request. Information is also available at the Ministry of the Interior website at www.mvcr.cz/clanek/informace-pro-skoly.aspx (Services for the Public, Information for Foreign Nationals, Information for Schools and Students).

The government scholarship holder shall enclose the Ministry of Education, Youth and Sports Decision on Granting a Scholarship in the Czech language with his/her application for the issue of a long-term residence permit. This Decision serves as a document demonstrating the purpose of his/her stay in the territory of the CR as well as a demonstration of having sufficient funds for his/her stay and the reimbursement of any healthcare that is required. A demonstration of accommodation issued by the accommodating facility shall also be enclosed.

If the application for the issue of a long-term residence permit is approved, the Mission of the CR shall furnish the foreign national's passport with a visa that entitles him/her to reside in the territory of the CR until a residence permit certificate is issued.

Upon his/her arrival in the CR the foreign national is obliged to provide notification of the place of his/her residence in the territory of the CR within 3 working days from entering the country. To do so, s/he shall come in person to the pertinent regional office of the Asylum and Migration Policy Department of the Ministry of the Interior where s/he shall fulfil the duty to notify. At the same time, a date shall be agreed there when his/her biometric data shall be provided (i.e., a photo of his/her face and his/her fingerprints), which are necessary for issuing his/her residence permit certificate.

A foreign national who resides in the territory of the CR on the basis of a long-term residence permit is obliged to notify the pertinent regional office of the Asylum and Migration Policy Department of the Ministry of the Interior (the office having competence according to the new place of residence) of a change of his/her residence within 30 days from the date when this change occurred, if this change of the place of residence shall be longer than 30 days. At the same time, s/he shall notify the Study Department of the Centre for International Services (DZS) thereof by e-mail at vladni.stipendia@dzs.cz.

9 Terms and Conditions Governing the Provision of Healthcare

Costs of healthcare provided to government scholarship holders are reimbursed by the Ministry of Health in accordance with Section 180j(4) of Act No 326/1999, on the residence of foreign nationals in the territory of the Czech Republic, as amended. The healthcare facility that provided the above healthcare shall send an invoice to the Medical Insurance Supervision Department of the Ministry of Health, Palackého náměstí 4, 128 01 Prague 2.

Like citizens of the CR, foreign nationals have to pay regulatory fees when they see a medical doctor.

Upon arrival in the CR and before commencing their studies (at the latest one month after arrival), government scholarship holders have to undergo an initial medical examination. If this medical examination or any other check-up during his/her studies establishes that a government scholarship holder

suffers from a severe disease that requires long inpatient care or costly treatment, the attending doctor is obliged to notify the Ministry of Health of this fact.

Severe diseases include, among other things, the following conditions: all types of tuberculosis, leprosy, plague, any venereal disease at any stage, neurosis, psychopathy, psychosis, epilepsy, post-traumatic condition, more severe forms of a nutrition disorder, severe cardiovascular disorders, chronic respiratory diseases, urinary diseases, kidney diseases, liver diseases, alimentary diseases, cancer, active cases of trachoma, acute parasitic disease, post-malaria condition, post-rheumatic fever condition, etc.

The Ministry of Health may submit a proposal to the Ministry of Education, Youth and Sports to repatriate a government scholarship holder on health grounds if a disease is established in the student during the initial medical examination or at any time during his/her studies that is contraindicated for such studies. Upon this proposal, the Ministry of Education, Youth and Sports shall ask the government scholarship holder to return to his/her home country within a given deadline and shall terminate scholarship payment. The student shall lose his/her status of a government scholarship holder as of the date when scholarship payment is terminated and from the following day onwards shall cover all the costs related to his/her treatment and stay in the territory of the CR.

The Ministry of Health **shall not reimburse healthcare related to pregnancy**, birth and childcare to female government scholarship holders. If it is established that a female government scholarship holder is pregnant, it is recommended that she interrupt her studies and return to her home country for the necessary period of time. If the student decides to continue in her studies, we strongly recommend that she arranges commercial insurance for herself and her baby at her own cost!

10 Obligations of a Government Scholarship Holder

A foreign national who has been granted a scholarship of the Government of the CR and who has accepted this scholarship is obliged to abide by the rules laid down in the Guidelines for Granting Scholarships of the Government of the Czech Republic and to follow instructions given by the Ministry of Education, Youth and Sports issued in relation to the Government Scholarship Programme and designated for government scholarship holders.

A government scholarship holder is furthermore obliged to:

- Fully focus on his/her studies for which the scholarship of the Government of the CR was granted;
- Comply with legal regulations valid in the CR as well as regulations of the public HEI where s/he pursues his/her studies;
- Immediately inform an employee of the Study Department of the Centre for International Services (DZS) about the following:
 - Changes that have taken place in information stated in the Decision on Granting a Scholarship or that are essential with regard to pursuing studies with a scholarship of the Government of the CR;
 - Facts that may lead to exceeding the regular period of study (e.g. repetition of a year, study distribution, individual study plan, long illness or serious personal problems, etc.);
 - Problems, difficulties and shortcomings related to the Government Scholarship Programme.
- Immediately ask the Ministry of Education, Youth and Sports for its approval with scholarship payment in a given period if s/he has to repeat a whole year or study phase;
- Share experience and help others, in particular new government scholarship holders, whenever needed;
- Prepare a final report upon ending his/her studies (for whatever reason) according to the form given in Annex No 4 and deliver it to the Study Department of the Centre for International Services (DZS) either in written or in electronic form;
- Return to the country that sent him/her to the CR after ending his/her studies;
- Develop the knowledge, experience and friendships gained during his/her studies in the CR throughout his/her life, and apply his/her learning in practice for the benefit of his/her country.

about the Acceptance of the Terms and Conditions Governing the Granting of Scholarships
of the Government of the Czech Republic

I.....country.....date of birth.....

as an applicant for a scholarship of the Government of the Czech Republic, hereby represent that I have received and carefully read the Guidelines for Granting Scholarships of the Government of the Czech Republic (“Guidelines”), that I accept the terms and conditions stated in the above Guidelines and that I shall abide by them if I am granted a scholarship upon a Decision of the Ministry of Education, Youth and Sports of the Czech Republic and accept this scholarship.

I am fully aware of the fact that if I fail to meet the terms and conditions stipulated by the Guidelines, the Ministry of Education, Youth and Sports shall terminate scholarship payment. Upon termination of scholarship payment I shall hereby lose the status of a government scholarship holder and shall be obliged to leave the territory of the CR.

I am furthermore aware of the fact that the Czech Republic shall not cover expenses related to my travel to the Czech Republic and back to my home country upon the completion of my studies, and it shall therefore be my duty to cover those expenses either from my own funds or with the assistance of the government or organisation that sends me to the Czech Republic to pursue my studies.
